All set – I had to fiddle a little bit, but we're good to go.

Ok, and maybe one more thing.

I was able to reformat the table in App K, but I can't paste it into the document so that is properly left aligned. Hillary, could you try?

And if not, no worries.

Two little things –

Can we change the header from “INTERNAL DRAFT DO NOT CITE OR QUOTE” to “INTERAGENCY DRAFT, DO NOT CITE OR QUOTE”.

And can we remove page number of the title page?

We only have one edit left – Linking the RtC. What is the final resting place/link?

But since everything is done outside of that...

And also, I'll note the correct Section citations that you had highlighted.

On pg 219, the correct section is 3.2.3.3.

And in Section 3.2.3.4 (Statistical Methodology), the correct citation in that first paragraph is 3.3.3.4.3.

Hillary:

It might be easiest is you simply add these changes since you currently have “the master”:

On page 23 (Executive Summary), replace the paragraph that starts on line 856 with the following paragraph:

## Ex. 5 Deliberative Process (DP)

On page 219 (Section 4.3.6), the paragraph beginning on line 7091...the few sentences below are already there (lines 7095 through 7101), but please insert the references (highlighted below):

## Ex. 5 Deliberative Process (DP)

Thank you both for all you have done/are doing....
